## TELESOURCE, INC. CONTRIBUTES TO LOCAL CHARITY President Hosts Live Auction for *Grinkids*

On Saturday, August 16, 2008, TeleSource, Inc. President, Ronnie Bice, hosted a live auction to raise money for *Grin Kids*, a non-profit foundation established by Kiss 95.1's on-air morning personalities Ace & TJ. This was President Bice's third time helping with the event.

The auction, held at Galway Hooker in Cornelius, raised over \$20,000 for *Grin Kids*. Before the live auction, a silent auction took place where over 150 items were available for purchase. The live auction kicked off at 9:00 p.m. and some of the items sold included a Ted Williams autographed baseball glove, Joe Frazier and Larry Holmes autographed boxing gloves, a '72 Miami Dolphins autographed jersey, and an autographed 500-home run hitters baseball glove.

*Grin Kids* was started by local radio personalities Ace & TJ in 2000 and was designed to enhance the lives of terminally ill or chronically disabled children. All the money raised for the charity goes toward sending these children, their families, and any care takers they might need for an all-inclusive trip to Disney World. Their latest trip is scheduled for October 3-7. Typically, anywhere from 25 to 30 families attend the event each year.

TeleSource, a local telecom expense and inventory management company, has been involved with *Grin Kids* for over 7 years, and looks forward to working with the foundation for years to come.

Last fall, President Bice and several TeleSource team members were asked to appear on the Ace & TJ morning show to personally deliver a donation to Ace & TJ's foundations. A clip of that show can be heard by going to [www.telesourceinc.net](http://www.telesourceinc.net) and clicking on "In the Community."

In late September TeleSource will host a catered grand opening/open house for their new office in Davidson. The company will be turning this event into a fundraiser for *Grin Kids* as well, asking all attendees to make a charitable contribution to the cause.
